

INSPIRED TO LIVE AGAIN FOUNDATION

April 14, 2011

Greetings Friends, Members and Partners:

IT'S NOT TOO LATE although Despair seems to be sweeping our nation! Because of the economic situation that we are experiencing right now in the United States, Inspired to Live Again (ITLAF), a not-for-profit 501(c)(3) public charity foundation is with great passion standing in the gap to provide a variety and measure of services that are in desperate need today. Our services include:

- Scholarship Program
Taking the Limits Off Program (TTLO) (workshops, seminars, summits, leadership development, computer training)
Re-fashioned for Purpose (plays, skits and the arts)
The Lords Supper....a feast for the living
Economics and Social Welfare Program

Due to the scarcity and the delivery of these services to the needy, it is with great passion and hope that you join forces with us as the embodiment of service as a partner/ Sponsor/ member and friend. Come, Let US position ourselves together to be that bridge of hope for others aspiring to "achieve goals and dreams they never imagined would be possible" be able to reach the other side.

Remember, the greatest investment we could ever make is in the life of another and that together we can make their dreams a reality. Your "act of love" will make the difference!

Please except in advance our sincere "Thank you" for all of your support in the past, present and future.

Sincerely,

Mrs. E. Faye Miggins
